From the Desk of the National President

Welcome Auxiliary members to November! Mother Earth gives hints of the weather change - desert residents get a cool down to 59°F not as obvious as a foot of snow. The Southern hemisphere occupants of the Philippines are entering their cold season, probably happy that the monsoon season is a couple of months in the past.

A short comment for Veterans Day - *Every day that you can wake up free, it is going to be a great day.*

My National President's project is the Gary Sinise Foundation Program –H.O.P.E. - The Gary Sinise Foundation, serves our nation's defenders, veterans of every conflict, first responders who run into danger within our communities, active-duty service members, their families, and the families of our fallen heroes. Our defenders and first responders are aware of the risks in their professions, but nothing can prepare them or their families for the pain of separation, trauma, and loss. Our defenders and first responders are aware of the risks in their professions, but nothing can prepare them or their families for the pain of separation, trauma, and loss. When our heroes or their loved ones experience dark times, they seek to provide support and hope. Lending a hand can change the course of a life. Bringing people together who have shared a common life trauma helps form a network of support.

Thanksgiving is approaching, it is a good time to decorate your unit's November meeting place, all those paper turkeys need a chance to show off those fancy tail feathers. This is a good time to reach out to your membership with a Thanksgiving holiday card to let them know you are thinking about them and invite them to attend a unit meeting. For those spending Thanksgiving Day with family, I have no doubt that you will not just be making memories, but sharing memories already made and treasured. I hope everyone will have a great 'Turkey Day'.

I wish to thank the Auxiliary members that served as the LA FRA National Board of Directors and appointees for Association year 2023-2024. Every member that holds an office be it National, Regional, or Unit, as well as the members that hold an appointed position National Parliamentarian, National Chaplain, a member of a committee - again National, Regional, or

Unit is a volunteer. The difference between them is the higher you advance in the Auxiliary you volunteer to spend more of your time supporting the LA FRA. The starting point is the Unit level, this is where your efforts are more attuned to supporting the FRA Branch and your community. Regional is where you start thinking of the other units in the region and start to learn how to put together a large meeting such as the Mid-Year meeting, then you move quietly to sponsoring a regional Convention - with a lot of help from fellow members. Reaching the National level means volunteering to learn new skills and adding the responsibility of all units.

All of our members come from 'everywhere', they bring with them ideas on types of activities that may help a Unit have fund raisers or activities that may help to recruit members. Even if some of these activities have been tried before, maybe changing the way they are set-up or run will make a difference. Please consider that 'we have always done it this way' is not a phrase that welcomes volunteering and definitely does not help increase the number of active members attending meetings. It is not a name that defines a Unit, yes a unit always carries the name of the Branch, but that does not make you as members of the FRA, as a member of the Auxiliary we have our own focus on helping the Branch and the community.

My year of service will soon be over, and I have mixed emotions. This year may have started on a down note, but the cards, notes, flowers/plants and hugs I received, from Auxiliary members and Shipmates, have helped to make it a better year. A part of me will miss the traveling I have done this year; I am sure that my cats are looking forward to me travelling less and having more time for neck and belly rubs. I appreciate the privilege and distinct honor of being National President of the Ladies Auxiliary of the Fleet Reserve Association for the 2023-2024 association year, it has been an experience I will remember.

My thoughts and prayers to those who are ill or have lost a loved one. To those members celebrating a special occasion, a birthday or anniversary, have a great day.

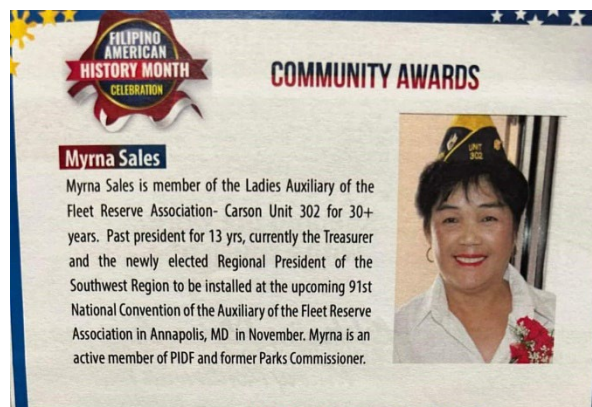

May you always find three welcomes in life, in a garden during summer, at a hearth during winter and in the hearts of friends throughout all your years.

I remain yours in Loyalty, Protection and Service,
Veralyn Thomas, LA FRA National President

National Vice President's Project

“Engage” is National Vice President Kelly Peña’s project for 2023-2024. Engage current members, supporters and prospective members by organizing events within your communities. This would be a reason for a current member to keep their membership active, supporters to keep supporting the organization and identify potential members or future donor/supporters by building relationships through connection in your community.

National President's Project

My National President's Project for 2023 – 2024 is the Gary Sinise Foundation Program –H.O.P.E. - Their mission is to serve the nation by honoring its defenders, veterans, first responders, their families & those in need.

At the Gary Sinise Foundation, they serve our nation's defenders, to include our most severely wounded heroes, veterans of every conflict, first responders who run into danger within our communities, active-duty service members, their families, and the families of our fallen heroes. They do this by supporting them in their darkest times of need. Their unique programs are designed to help, entertain, educate, inspire, strengthen, and build communities across the nation.

Charity Navigator has awarded the Gary Sinise Foundation four out of a possible four stars, indicating that the Gary Sinise Foundation adheres to good governance and other best practices that minimize the chance of unethical activities and consistently executes its mission in a fiscally responsible way.

Their Relief & Resiliency Program includes a sub-program called H.O.P.E. this represents: Heal, Overcome, Persevere & Excel. This initiative provides support to those who have experienced trauma, illness, injury, or loss during their times of tragedy, sometimes with assistance as simple as help paying bills or buying groceries.

Our defenders and first responders are aware of the risks in their professions, but nothing can prepare them or their families for the pain of separation, trauma, and loss. When our heroes or their loved ones experience dark times, they seek to provide support and hope. Lending a hand can change the course of a life. Community - Bringing people together who have shared a common life trauma helps form a network of support. Sharing their experiences and reminding one another they are not alone; these groups can find joy in the present once again.
